RE: Administrative Fine by Consent No. AF 05-056 (Sta.S)

Dear Mr. Miller:

The New Hampshire Department of Environmental Services, Air Resources Division ("DES") and New Hampshire Industries, Inc. ("NH Industries") executed Administrative Fine by Consent No. AF 05-056 (the "AFC"), on September 20, 2005. In accordance with the terms and conditions set forth in the AFC, NH Industries has: 1) paid the administrative fine in the amount of \$6,000; 2) purchased 45 Discrete Emission Reduction Credits ("DERs") (26 non-ozone season and 19 ozone season DERs); and 3) installed OSHA approved fume hood extractors containing HEPA filters at six of the seven welding stations.

Therefore, DES has determined that the specific issues addressed in the AFC have been resolved in a manner consistent with the NH Admin. Rules Env-A 100 *et seq.*, NH Rules Governing the Control of Air Pollution.

Please be advised that DES will continue to monitor the compliance status of NH Industries. It is important that NH Industries continues to be aware of and complies with all of the requirements set forth in State Permit to Operate PO-BP-2808, which DES issued to NH Industries on August 19, 2005.

If you have any questions regarding this letter, please contact Tara Olson, Enforcement Section, Air Resources Division, at (603) 271-4625. Thank you for your cooperation and efforts to achieve and maintain compliance.

Sincerely,

Pamela G. Monroe
Compliance Bureau Administrator
Air Resources Division
